“The Compelling Case for Natural Gas Vehicles (NGV)”

Public and Private Fleet Workshop

May 18, 2010

Crowne Plaza Hotel, Denver Int’l Airport – Denver, CO
15500 East 40th Avenue, Denver CO 80239

Curriculum Presenter/Moderator:

Stephe Yborra, CVEF Director of Market Analysis, Education & Communications

Yborra, an expert in NGV markets and technologies, will be joined by other NGV equipment and services representatives and current NGV fleet operators to cover the following topics:

- **Why We’re Here:** Economic, environmental and national energy security market drivers are prompting the move to compressed natural gas (CNG)- and liquefied natural gas (LNG)-powered vehicles.
- **NGVs 101:** Overview of natural gas and NGV basics.
- **Best Bets:** Which fleet/vehicle applications are the best candidates for successful NGV programs and why.
- **Wheels:** Available light-, medium- and heavy-duty NGVs and the sales-service channels that support them.
- **Fill’er Up:** Fuel station design, development, ownership and operations options for fleets of all sizes.
- **OPM:** Identifying and securing available federal and state tax incentives and grants (“other people’s money”), which further improve NGV economics.
- **Been There - Done That:** NGV fleet operators share experiences and tips.
- **Dollars and “Sense”:** A review of NGV program economics including how to calculate fuel costs, simple payback and life-cycle savings.
- **Next Steps:** Tips on how you can implement a successful NGV program.
- **Site Visit to nearby Clean Energy CNG station:**

**Registration Fee: \$55 (until 5/13/10)
\$65 (after 5/13/10)**

Please visit <http://www.cleanvehicle.org/workshop/Denver.shtml> to register. Fee covers course materials, continental breakfast, lunch, and refreshment break. A contribution will be made to our co-host Clean Cities Coalitions.
