

What would you do?

- Has a constituent ever asked for your help to accomplish the simple task of getting to a doctor's appointment or the grocery store?
- Have you personally ever dealt with the heavy responsibility of selecting an assisted living facility or nursing home for a loved one or known someone who has?
- Have you ever had to help someone get information about Medicaid?
- Has anyone ever asked you for help in protecting an older adult from abuse?
- Have you ever wondered about the health and well-being of a neighbor or friend?

Don't miss the opportunity to learn first hand how **DRCOG's new Network of Care** is the one-stop resource to help you with life's tough questions.
