Background

Per the Board-adopted [Policies for Transportation Improvement Program Development](#), administrative modifications to the [2026-2029 Transportation Improvement Program](#) are reviewed and processed by staff. After the Board is informed of the administrative modifications, the modifications are processed and posted on the [Transportation Improvement Program web page](#). They are then emailed to the Transportation Improvement Program Notification List, which includes members of the Transportation Advisory Committee, the Regional Transportation Committee, project sponsors, staff of various federal and state agencies, and other interested parties.
