Summary

November 2024 Amendments to the Fiscal Year 2024-2027 Transportation Improvement Program.

Background

The region's transportation planning process allows for Board-approved amendments to the current Transportation Improvement Program on an as-needed basis. Typically, these amendments involve the addition or deletion of projects, or adjustments to existing projects and do not impact funding for other projects in the Transportation Improvement Program.

The projects to be amended are included in the table and listed in Attachment 1. The proposed amendments to the [Fiscal Year 2024-2027 Transportation Improvement Program](#) have been found to comply with the current Transportation Improvement Program amendment procedures, as contained within the Board-adopted [Policies for Transportation Improvement Program Development](#) and conform with the State Implementation Plan for Air Quality.
